CELEBRATE AMERICA RECYCLES DAY WITH YOUR FAVORITE RACCOONS

Nov. 15 is America Recycles Day! Celebrate by learning the latest rules of recycling to become the best of the best!

CONNECT THE DOTS TO MEET THE CREW

Have you met the Recycling Raccoon Squad, famous for helping Michiganders learn to recycle? Now's your chance! Connect the dots to meet Carlos Cardboard, Gladys Glass, Frank, Nyla P. Lastic, Paper MacKay and Precious Metale.

LET'S NAVIGATE RECYCLING!

Help Frank collect the items he can recycle curbside, then escape the maze! Be careful – don't be led down the wrong path with other materials.

Curbside Recyclable Do's:

- plastic bottles
- cardboard
- envelopes
- glass jars
- metal cans

Curbside Recyclable Don'ts*:

- batteries
- hangers
- lightbulbs
- plastic bags

*While some of these items may be recyclable, NONE of them can be put in your curbside bin. Know it before you throw it at RecyclingRaccoons.org.
